Tambaram, Chennai

### SUMMARY

---

Enthusiastic and results-driven Information Technology undergraduate with hands-on experience in full-stack and UI/UX development. Currently interning as a MERN Stack Developer, skilled in **React.js**, **Express.js**, **Node.js**, **MongoDB**, scalable web apps, and intuitive UI design. Seeking a MERN Stack Developer role to contribute innovative, user-focused solutions in a dynamic development team.

### EXPERIENCE

---

#### MERN Stack Developer Intern

January 2025 – Present

Why Global Services

Chennai

- Contributing to the development of responsive and user-friendly E-commerce web app by leveraging **HTML**, **CSS**, **JavaScript**, **Bootstrap**, **Tailwind CSS**, **React.js**, **Express.js**, **Node.js**, and **MongoDB**.
- Implemented reusable User Interface components and optimizing frontend performance to enhance user experience across devices.
- Implemented secure authentication and authorization mechanisms with JWT and bcrypt to protect user data and transactions.
- Collaborating with team members using **Git** and **GitHub** for version control, ensuring smooth workflow and code management.
- Gaining hands-on exposure to **industry practices, debugging, and problem-solving** in a real-world project environment under mentor guidance.

#### Web Developer Intern

July 2024 – August 2024

Bharat Intern

Remote

- Collaborated with the development team to build a responsive and user-friendly home page of an E-commerce platform using **HTML**, **CSS**, and **JavaScript**.
- Optimized page structure and styling by applying modern **CSS** practices, improving loading speed and mobile usability.
- Contributed to **UI/UX** improvements by translating Figma designs into responsive, crossbrowser-compatible web pages.
- Participated in code reviews and used **GitHub** for version control, ensuring smooth collaboration.

### PROJECTS

---

#### Sweet Heart

September 2025 - October 2025

- **Technologies used** : HTML, CSS, JavaScript, Tailwind CSS, React.js, Node.js, Express.js, MongoDB
- Developed a **full-stack e-commerce platform** for **sweets and savouries** with product browsing and order management.

- Built reusable **React.js** components for product cards, sliders, and navigation.
- Implemented modern **Tailwind CSS** for responsive, mobile-friendly **UI**.
- Implemented Google login authentication using **Firebase**, ensuring secure and seamless user login.
- Created **RESTful APIs** with **Node.js** and **Express.js** to manage products, orders, and user data.
- Integrated **MongoDB** for persistent data storage and retrieval.
- Enhanced **UX** with ratings, favourites, and buy now functionality, optimizing performance with semantic **HTML** and compressed assets.

## Dreamland Kids

August 2025

- **Technologies used** : HTML, CSS, JavaScript, Tailwind CSS, React.js, Node.js, Express.js, MongoDB
- Built a **full-stack responsive web app** for a **play school**, enabling parents to explore facilities, events, and enroll online.
- Designed dynamic **React.js** components for blogs, event schedules, and student admission forms.
- Styled a modern, mobile-first **UI** using **Tailwind CSS** for smooth navigation and professional aesthetics.
- Implemented scroll-based animations with **AOS**, enhancing user engagement and visual appeal across all sections.
- Developed **RESTful APIs** with **Node.js** and **Express.js** to handle student data, course information, and enrollment submissions.
- Implemented **MongoDB** for efficient data management and real-time updates.

## Spark Servicing

July 2025 – August 2025

- **Technologies used** : HTML, CSS, JavaScript, Tailwind CSS, React.js
- Built a responsive **loan servicing platform** with advanced navigation features, allowing users to easily explore and manage loan offerings.
- Implemented modern **Tailwind CSS** for styling and layout structure.
- Focused on delivering a modern User Interface with professional aesthetics.
- Utilized **React.js** for building reusable, maintainable UI components and stateful interactions.
- Optimized loading performance using compressed assets and semantic **HTML**.

## Food Hub Platform

November 2024 – April 2025

- **Technologies used** : HTML, CSS, JavaScript, Node.js, Express.js, MongoDB
- Developed a dynamic and user-friendly food products ordering platform enabling users to browse, search, and order items from a digital menu.
- Designed and implemented responsive front-end interfaces using **HTML**, **CSS**, and **JavaScript** to ensure a seamless user experience across devices. Also, built backend services with **Node.js** to handle user authentication, order processing, and data management.

## EDUCATION

### Jeppiaar Institute Of Technology

Chennai

Bachelor Of Technology – Information Technology; CGPA: 7.64

October 2021 – June 2025

### Revoor Padmanabha Chetty's Matric Higher Secondary School

Chennai

Percentage: 78.32%

June 2019 – May 2021

## TECHNICAL SKILLS

---

<b>Languages</b>	: Python (Basics), C (Basics), Java (Basics)
<b>Frontend</b>	: HTML, CSS, Bootstrap, Tailwind CSS, JavaScript, React.js, Next.js
<b>Backend</b>	: Node.js, Express.js
<b>Database</b>	: MongoDB
<b>UI/UX Design</b>	: Figma, Penpot, Canva
<b>Tools and Utilities</b>	: Visual Studio Code, Postman API, Microsoft Excel, GitHub
<b>Soft Skills</b>	: Team Collaboration, Adaptability, Technical Feasibility Study and Design

## CERTIFICATIONS

---

- Completed a comprehensive **MERN Stack Development program** at **Why Tap**, gaining hands-on experience in building full-stack web applications using **MongoDB**, **Express.js**, **React.js**, and **Node.js**.
- Earned a credential from **IBM SkillsBuild**, covering **core Web development skills**, including **HTML**, **CSS**, and **JavaScript**.
- Completed a foundational course by **Great Stack**, learning **JavaScript syntax**, **DOM manipulation**, and **event handling**.
- **HTML & CSS Bootcamp** – Completed a hands-on bootcamp by **Lets Upgrade**, building responsive web pages and layouts using **HTML** and **CSS**.
- Completed a comprehensive Java programming course by **Great Learning**, covering **OOP concepts**, **data structures**, and **basic algorithms**.

## EVENT PARTICIPATIONS

---

- Participated in an in-depth masterclass conducted by **Why Tap** on **August 9, 2025**, gaining hands-on experience in manual testing techniques, test case design, and defect reporting.
- Actively participated in a competitive **Hackathon** organized by **Jeppiaar Institute of Technology** on **November 20, 2024**, collaborating with peers to develop innovative software solutions under time constraints.
- Participated in **Promptathon 1.0**, organized by **Sugarcane AI** from **February 12 to 26, 2024**, enhancing skills in prompt engineering and AI-based solution development.
- Attended a comprehensive **Data Science Workshop** as part of the **Hackerz** event at **Chennai Institute Of Technology** on **September 19, 2023**, gaining exposure to data analysis, visualization, and fundamental machine learning concepts.

## LANGUAGES

---

- English
- Tamil
